

Pre-event information

Event center

The event center is located near Nõva school in Nõva village, Lääne county. For access routes and location of the event center see the map at: <http://rogain.ee/en/hash/>

Changes in teams, participation fees

In case of any last minute changes in team composition or if you have not yet paid the participation fee, please approach first the table labeled "Problems. Cash". Changes in teams can be made only in compliance with the competition instructions.

Number bibs

The team number is the same as the team registration ID. Number bibs must be pinned on a visible place and must be worn during the whole competition (from start to finish) by all members of the team.

SportIdent (SI) punching

Please check that the number of the SportIdent card indicated in the start list is correct. In case of any changes of SI cards notify the organisers, at the latest when collecting the event materials. To collect points for visiting a checkpoint all team members shall punch at that checkpoint within 60 seconds.

Event materials

Handout of event materials (maps, number bibs, wristbands, rental SI cards) starts at 8:30. There are several tables, pick the one corresponding to your team number. The event map is printed on water- and tear-resistant material. Additionally you will receive paper maps for route planning. It is not advisable to take the paper map to the forest. If you wish, you may apply additional tape on the Tyvek wristbands, but only with transparent film tape.

Start

Start of the event is from a designated start area in front of the school. Start gates open at 9.10. All members of the team shall enter the start area. Don't forget to clear and check your SI-card. Information from 'check' stations will be used to verify that you have passed through the start area. Rental SI-cards have been cleared by organizers.

Out-of-bound areas

Designated out-of-bound areas are shown on the map with purple vertical stripes. Equally it is strongly prohibited to enter settlement areas marked on the map with olive green. Any team found in an out-of-bound area shall be disqualified.

Finish

The finish time of the team is recorded as the finish time of the last member of the team punching at the Finish station. After finish, judges will check that the wristband is not broken and help to remove the wristband. You can then download your result and receive a SI printout. Rental SI-cards shall be returned at finish.

Catering, washing

Catering is provided from 1 pm in the sports hall of Nõva school. The menu includes soup, pastry, bread, curd snack, fruit drink, tea, coffee. NB! To enter the sports hall, you shall leave your boots at the entrance. There are showers, but unfortunately the hot water supply is limited due to moderate size of electric boilers.

Prize giving

Prize-giving starts at 18.00. Prizes are granted according to event instructions. Each participant will get a participation certificate.

Medical assistance, emergencies

There is a medical nurse at the event center providing first aid, if necessary. In case of injuries or emergencies on the course, call the organizers +372-56159998.
