

## Pre-event information

### Event center

The event center is located in Valga county, Korkuna village, Kaldavere tourism farm. GPS coordinates of the event center: 57.6438, 26.3264. Signs to the event center from Võru-Valga road. For access routes see the map at: <https://www.openstreetmap.org/?mlat=57.6438&mlon=26.3264#map=10/57.6615/26.2175>

### Parking

Parking is at the event center in Kaldavere tourism farm, on a hill.

### Changes in teams, participation fees

If you have not yet paid the participation fee, please approach the table labeled “Problems. Cash”. Changes in teams can be made only in compliance with the competition instructions.

### Team numbers

The team bib number is the same as the team registration ID. Please take your own pins to attach the number bib! The organisers do have some spare pins, but not for all participants.

### SportIdent (SI) punching

Please check that the number of the SportIdent card indicated in the start list is correct. In case of any changes of SI cards please notify the organisers. The SI stations work only in the regular punching mode. ***SI Air cards do not work in the contactless mode!*** To collect points for visiting a checkpoint all team members shall punch at that checkpoint within 60 seconds.

### Event materials

Number bibs, wristbands and rental SI cards can be collected from the secretariat before the distribution of event maps. Teams who shall carry a GPS tracking device will receive those also with other event materials. The handout of event maps starts at 8:30 for the 8-hour rogaine and at 10:00 for the 4-hour rogaine. The event map is printed on water- and tear-resistant material. Each team will receive one additional map for route planning.

### Start

The start of the event is from a designated start area. Start area opens at 9:10 for the 8-hour rogaine and 10:40 for the 4-hour rogaine. All members of the team shall enter the start area together. Don't forget to clear and check your SI-card before entering the start area. Information from ‘check’ stations will be used to verify that you have passed through the start area. Rental SI-cards have been cleared by organizers.

### Out-of-bound areas

It is prohibited to enter designated out-of-bound areas and private yards marked on the map with olive green. Any team found in an out-of-bound area shall be disqualified.

### Finish

The finish SI stations will be near the start area. The finish time of the team is recorded as the finish time of the last member of the team punching at the Finish station. After finish, judges will check that the wristband is not broken and help to remove the wristband. You can then download your result and receive a SI printout. Rental SI-cards and GPS trackers shall be returned at finish.

### Catering

Catering is provided from 2 pm. The menu includes soup, pastry, curd snack, fruit drink, tea, coffee.

**Prize giving**

Prize-giving starts at 15:30 for the 4-hour rogaine and at 18:00 for the 8-hour rogaine.

**Washing**

Washing is not organised, but there is a pond at the event center.

**Emergencies**

Competitors participate at their own responsibility. In case of injuries on the course, call the organizers +372-56159998. In case of serious accident, call 112.
